Reading

1 Look at the text below. Who made hammocks?

2 Listen and read.  10

HAMMOCKS

Thousands of years ago, the Mayans used the bark from hamack trees to make a special kind of bed. These beds were hammocks. People used them to sit on or to sleep in. They were light and easy to carry. The Mayans often moved from place to place, and they didn't want to carry heavy things.

The Mayans lived in rainforests. The weather was hot and there were lots of bugs, so it was difficult to sleep. Hammocks were perfect beds for the Mayans, because they weren't on the ground.

At first, only people in hot countries had hammocks, but then a man called Christopher Columbus took hammocks to Europe. Soon, sailors on ships started to sleep in hammocks, because they were soft and comfortable.

Today, Mayan people in Central America still make hammocks, and people all over the world buy them to use in their backyards or homes.

Look around in Viet Nam and it is easy to see people reading, sleeping, and drinking in hammocks. They are everywhere — in people's houses, in cafés, and at the beach. Does your family have a hammock?

3 Underline these words in the text. Guess their meanings and then check them in the dictionary.

heavy light soft easy difficult

Special Days

My name's Vy, and I'm from Viet Nam. My favorite day in the school year is Spring Festival. Schools usually have this festival early in the year when the weather is not too hot, often around Vietnamese New Year. We decorate the school using some spring flowers and play some fun games with our teachers. There is usually delicious food and even

sweets! Some children play music or do dances for everyone to watch. Our parents usually come, too. The teachers give prizes for children. Everyone has lots of fun.

Hi. I'm Ji-min. In Korea, we have a special day called "Sports Day". We usually have Sports Day in the fall, because the weather is cooler then. It's too hot to run races in the summer. There is a big rehearsal on the day before Sports Day, to make sure that everything will go well the next day. We practice our races and events on the school field. The teachers always make sure that we drink lots of water, because we get hot from all the exercise. There are races for the students, the parents, and even the grandparents. It's a wonderful day, and we all enjoy it.

3 Read again. Where are the children from?

- 2 Listen and read.  47

Son Doong — The World's Largest Cave

Son Doong is a cave in Quang Binh province, Viet Nam. It's not a normal cave. It's the world's largest one and has a jungle inside! A local farmer named Ho Khanh first found the small opening to the cave in 1991. There was a strong, cool wind and the sound of water coming out of the opening. He walked into it. The space felt very big. After walking a while, he stopped and went back to his village.

Khanh forgot where the opening was. No one thought Khanh's story of the cave was true. Then in 2009, Khanh and some scientists finally found the cave again. They went inside and were very surprised. They found a large underground river! They also found a jungle! Were the river and jungle outside of the cave? No! They were inside it!

Tourists can now visit the cave, but it's not easy! If you want to visit the world's largest cave, you need to climb down ropes, cross rivers, climb up walls, and get very muddy!

1 What do you know about basketball?

2 Listen and read.  56

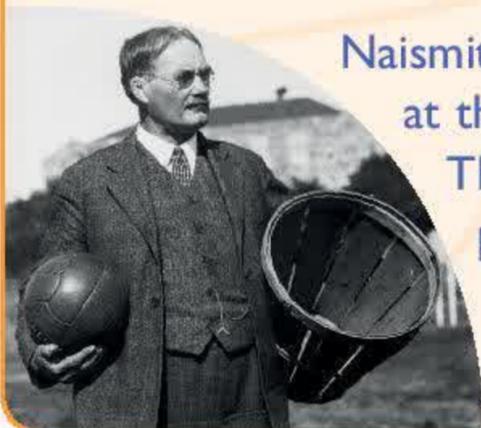

Can you jump really high and bounce a ball really fast? Then basketball is the sport for you!

Today basketball is a popular sport in Viet Nam. Children and teenagers in Ho Chi Minh City can go to sports centers like Phu Tho Stadium or Phan Dinh Phung Stadium to play on the basketball courts.

So try it! You just need a ball, some friends and a basketball hoop.

Basketball started in 1891 in the U.S.A. It was very cold in the winter and students wanted a sport to play inside where it was warm. So, a P.E. teacher named James Naismith invented a new sport: basketball.

Naismith put fruit baskets at the ends of the court. The players scored points by throwing balls into the baskets.

Saigon Heat is the first Vietnamese professional basketball team.

They started playing in the ASEAN Basketball League in 2012. They are famous in Viet Nam and thousands of people watch their matches.

Extensive reading: Fossils

1 Describe the pictures. What do you know about fossils?

2 Read.

What are fossils?

Fossils are parts of animals that died a very long time ago. You can find fossils in rocks. You can see the shape of the animal. Some fossils are more than 500 million years old.

Why are fossils important?

Fossils tell us about the past. We can learn about types of rocks and we can learn about animals that lived a very long time ago.

Where can you find fossils?

You can find fossils in many places. You can find them on mountains and in lakes. You can find them in rivers and on beaches. You can find them under the ground, too.

How can I see a fossil?

You can visit museums to look at fossils. The Geological Museum in Ha Noi has a nice collection. You can also look for fossils on the beach. Sometimes you can see them on the sand or in the rocks.

This is a fossil of an *ammonite*. These animals lived in the sea about 400 million years ago. Today, you can find these fossils on beaches in England. Some scientists even found *ammonites* in Da Lat!

This fossil was found in Na Duong in Viet Nam and was part of a type of rhinoceros that used to live in Viet Nam. From looking at the teeth, scientists think that the rhinoceros used to live in the forest.

3 Read again. Where did they find the fossils in the pictures?

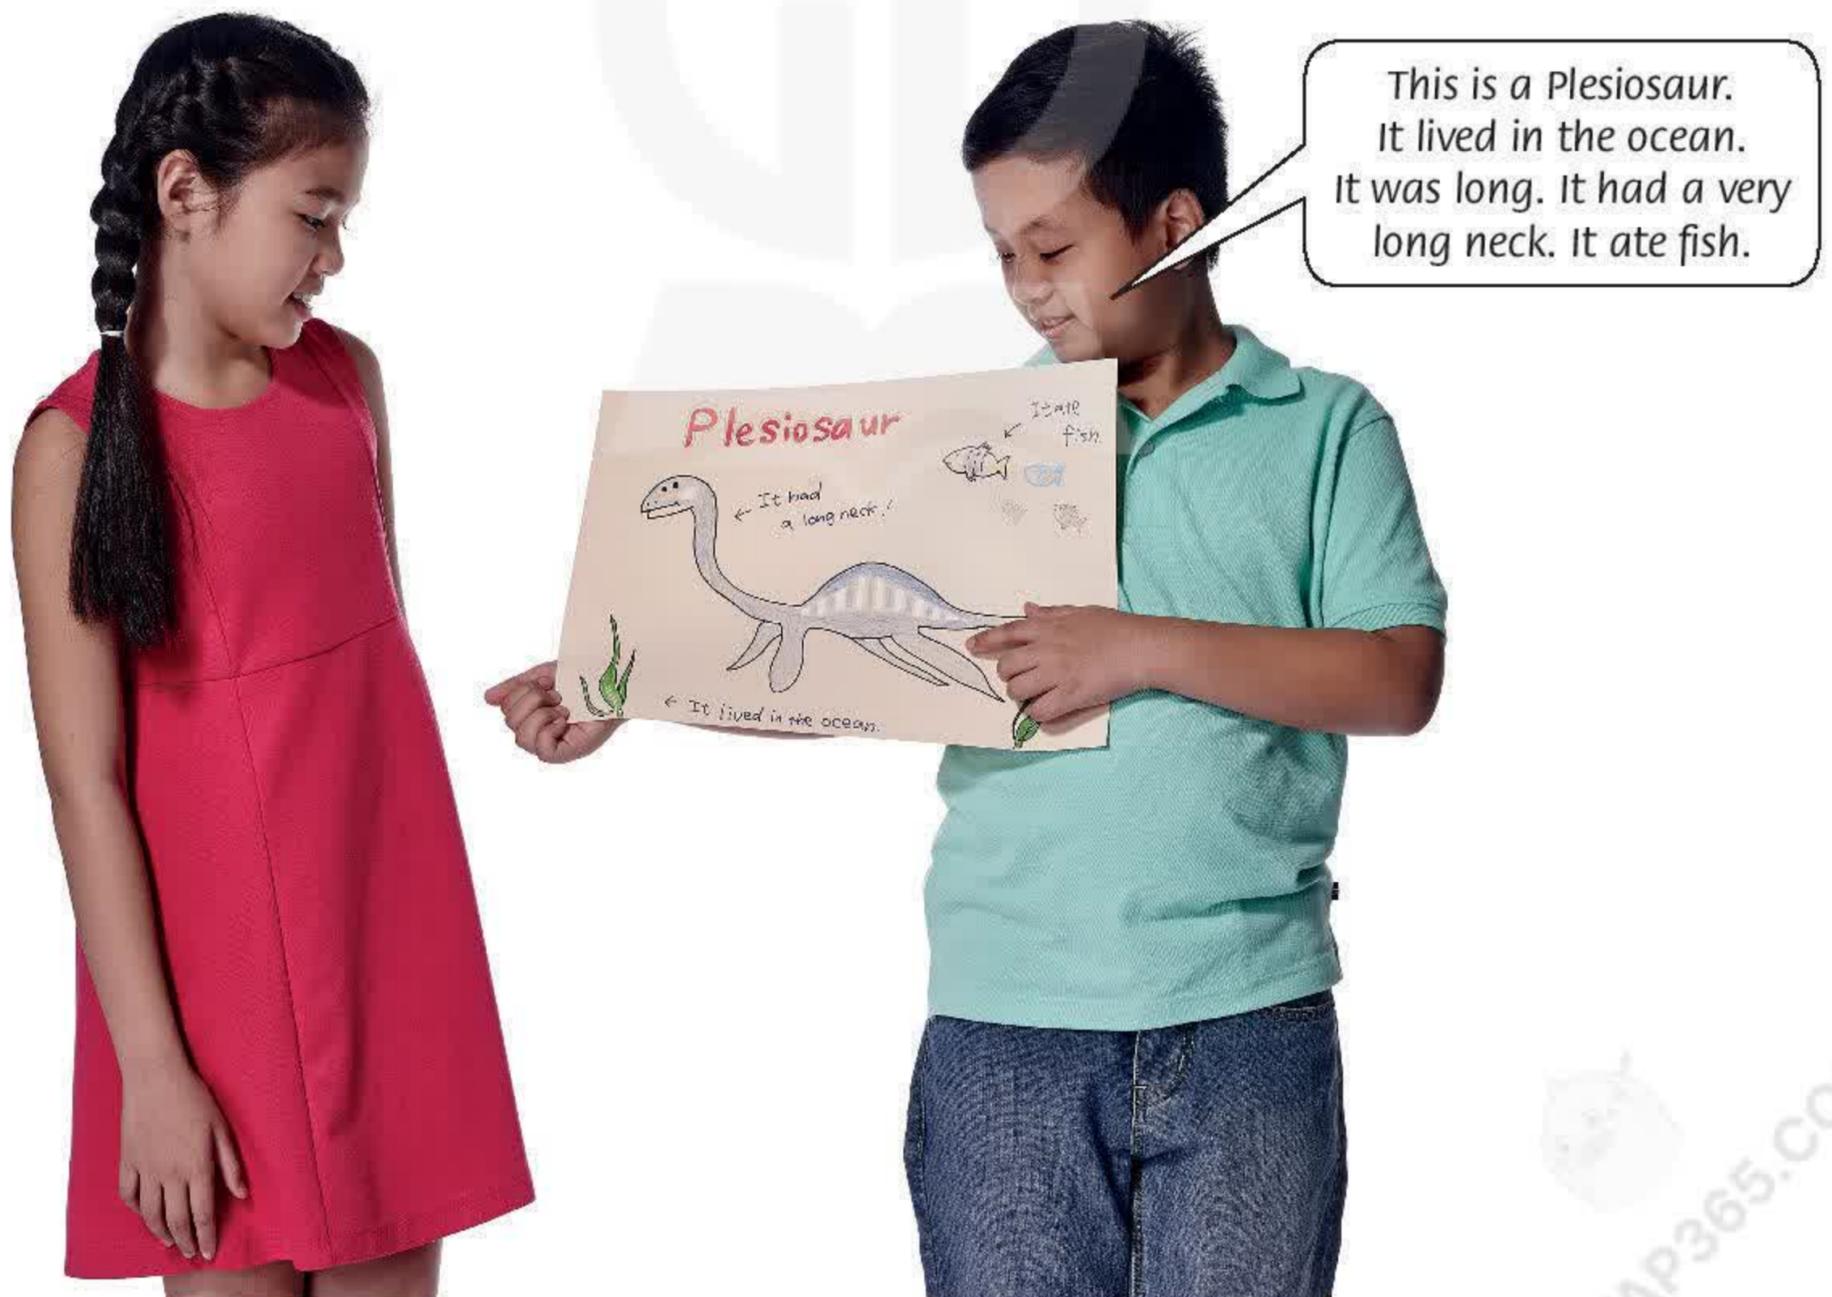

4 Read again and answer.

- 1 What are fossils?
- 2 How old are some fossils?
- 3 What can we learn from fossils?
- 4 Where can we find fossils?
- 5 Where did scientists find the *ammonites* in Viet Nam?
- 6 Where did the rhinoceros use to live?

5 Ask and answer.

- 1 Would you like to find a fossil? Why?
- 2 Do you like learning about the past? Why?

6 Draw or find a picture of an animal that lived in the past. Talk about it.

1 What do you know about water puppet theaters?

2 Listen and read.  66

Water Puppet Theater

Water puppet theaters started in the Red River Delta a thousand years ago. But they are still popular today all over Viet Nam. The puppets are usually made from wood and painted in different colors with a special type of paint that stays in water.

The stage is a pool of water, and the puppets move over the top of it. When water puppets first started, the stage was

a rice field. Today, people hide behind a screen so no one sees them. They use sticks to make the puppets move and act out the story. The stories are usually about Vietnamese folktales and legends. Sometimes there is a band that plays Vietnamese music.

Make your own water puppets

You can make your own water puppet! Take a plastic spoon and use pens or colored paper to draw a face and costume. Fill a bowl with water and put the spoon in the water so that you can move the puppet. Be careful! Don't get the puppet's costume wet. Ask your friends to make some more puppets so that you can tell a story together.

3 Underline these words in the text. Guess their meanings and then check them in the dictionary.

popular rice field screen stick plastic

4 Read again and write *T* (true) or *F* (false).

- 1 Water puppet theaters started in Viet Nam. T
- 2 The puppets are usually made from plastic.

The Ant and the Grasshopper

It was a summer day. The grasshopper was sitting in the sun, playing his violin. An ant walked by with an enormous piece of corn on his back.

"That corn looks heavy," said the grasshopper. "Come and play with me."

The ant was tired and hot. He pointed at a pile of corn.

"I can't. This is my food for the winter," he said.

"There isn't any food then, so I must prepare now."

The grasshopper laughed.

"Don't worry about winter," he said. "It's summer now and there's lots of food."

Soon the weather became very cold and there was deep snow and ice.

The grasshopper looked for food, but he couldn't find any.

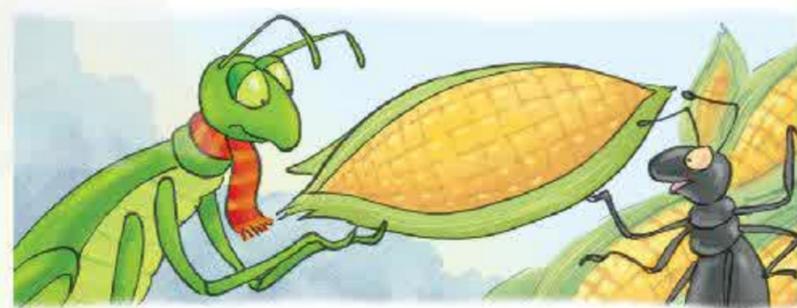

"I'm hungry," said the grasshopper to the ant.

"Please, can I share your food?"

The ant had lots of food and he was kind.

"Yes, you can," said the ant, and he gave the grasshopper some corn.

Nguyen Tien Minh

Nguyen Tien Minh is a badminton player. He is one of Viet Nam's top sports players. He won gold medals in badminton competitions in several countries, including Viet Nam.

Nguyen Tien Minh was born in Ho Chi Minh City on February 12, 1983. When he was ten years old, his father asked him to start playing badminton to get some exercise. At first, badminton was just a hobby for him, and he played with other children who lived near him.

Minh was a very good badminton player. When he was in high school, he decided that he wanted to play badminton in competitions.

He practiced very hard. When he was nineteen years old, he became the best badminton player in Viet Nam. He started playing games outside of Viet Nam and won the International Malaysia Open Tournament in 2004.

Since winning his first tournament, Minh has taken the gold medal in tournaments in the U.S.A., Taiwan, Thailand, Australia, China, and Viet Nam. He says he wants to win a World Super series title before he finishes playing badminton.

Dear Long,
 How are you?
 We had a really unusual start to our vacation! My family and I were on a bus to Vung Tau. It was a long journey but it was comfortable and we were happy. Suddenly, we heard a bang. The bus stopped and the driver couldn't start it again.
 I was disappointed and bored, so my mom and dad said we could walk to the nearest town and meet the bus there when it started again. It was night and we could see lights in the town on the road. It looked like a festival! The other people on the bus walked with us!
 When we got to the town, there was a band playing and people were dancing on a stage. There were lots of beautiful lights decorating the street. All the people in the town said, "Hello", when they saw all of us. We had some really fresh fruit and they gave us some drinks. I talked to a boy who was ten years old, like me. He was really friendly. We all listened to the band together. Then the bus came into the town. The driver also ate some food before we started our travel again to Vung Tau. We had a fantastic evening and it was a great start to our vacation!

Dear Hoang,

How are you? I hope you and your family are well. I'm on vacation in Hue at the moment. It's a really beautiful city.

We arrived last Saturday. Our hotel is great and the people who run it are very friendly. Yesterday, we went to the Citadel. Do you know what that is? It's the old city where the Nguyen Kings used to live. It was built in 1804.

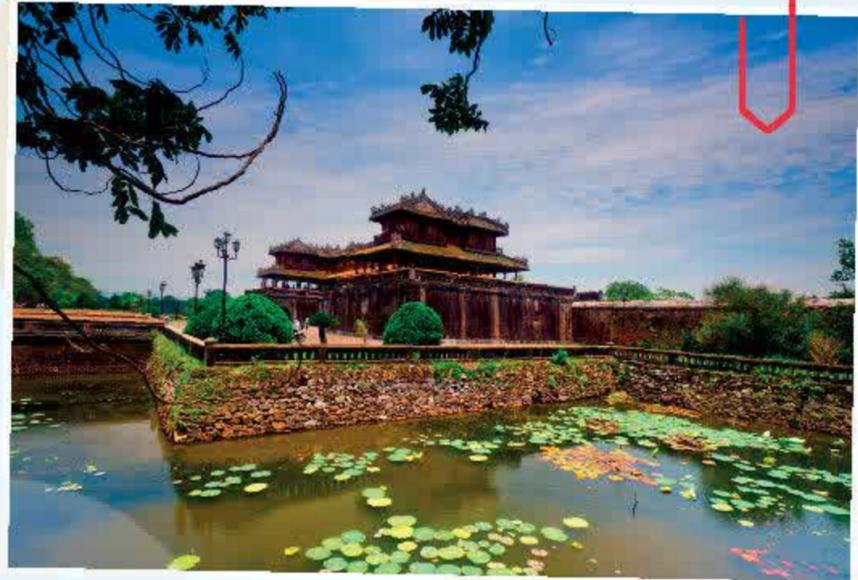

This morning we went to the tombs of the Nguyen Kings. We walked around, up some stairs, and over bridges. We were quite tired, but it was good to see. Then we went to a café for a drink because it was hot! After that we went shopping in Hue and I bought some postcards. My parents bought some presents for my cousins and my little sister bought a small puppet!

After we visited the museum, we went to a restaurant and had some noodle soup. There are lots of great restaurants here and the food is really good! We have some fruit every day as well. We always sit outside because the weather is not too hot.

Write soon and tell me about your vacation.
Are you at the beach? Are you having fun?

From,

Nam
